

For the Kellys, Silver Peaks Means More Family Time

SILVER PEAKS

Condominium Homes

✔ What brought you to Durango and how long have you lived here?

We moved to Durango in 1999 from Chicago after an overnight decision to move to a small town and try to simplify our life. In Chicago we lived in condos but moved to houses in Durango. However, we have learned that we prefer the ease of living in condos. Having the Homeowner's Association take care of the snow removal, gardening, and exterior home maintenance allows us to focus on activities that we enjoy more.

✔ Tell us about the experience buying at Silver Peaks.

Buying at Silver Peaks was easy. Both Realtors, our Buyer's Agent Mike Aronson, Coldwell Banker & Kim Penny, Seller's agent with Prudential Triple S, were professional, organized, and easy to work with during the buying process.

✔ Why did you choose Silver Peaks?

We knew exactly what we wanted: an in-town condominium in the lowest possible price range that still allowed us to have a home that we could really enjoy and feel good about living in. In addition, Silver Peaks had several amenities that we knew we would enjoy. We really like being able to get out on the trails and enjoy the outdoors so easily. We also enjoy getting together casually with friends that live nearby. Silver Peaks was by far the best option for us.

✔ Favorite amenity at Silver Peaks?

We have used all the amenities at Silver Peaks. It is great having everything so close. We have used the BBQ grill near the front of our condo. We use the exercise/weight room in the mornings and we relax in the hot tub in the evenings. Our seven year old son also likes to play on the playground which gives us a chance to read a good book in the lawn chairs!

✔ What is your favorite part about your new home?

We were surprised about how much we love this space. We own a 2 bedroom--the layout is small but well designed. We have fallen back in love with small spaces--everything about this space makes our family feel connected and it feels like home! Thank you Silver Peaks!

- The Kelly Family

Tired of commuting?

Never thought you could afford to own a home in Durango?

Now is your chance!
